

Princess Sierra Burton

Hello my name is Sierra Burton; I am a lifelong resident of beautiful Grant County. I was born in the Blue Mountain Hospital 16 years ago. I was raised in Mt. Vernon with an arena for a backyard. I am the daughter of Daryl and Sue Burton, and younger sister to Shilo Burton.

My partner in rodeo is an 18 year old AQHA gray gelding, “Docs Spanish Fox”, or Popcorn as we call him. Popcorn and I enjoy competing in rodeos; specifically barrel racing, pole bending and goat tying. I also use my other horse B2 for barrel racing.

I am a sophomore at Grant Union High School. Throughout my school years, I have maintained good grades while being involved in volleyball, basketball, and softball. I have also been involved in school government as vice president for my class the last two years. I have had some collisions with life, while being sick for a year and then getting most of my right lung removed. I believe that experience has made me a stronger person.

I am a responsible young woman with enthusiasm for life and people. I am very goal oriented in a sense that I set goals for myself and I work my hardest to achieve these goals. I am dedicated to my future in hopes of being able to help others have a better future.

I am one of your Grant County Fair and Rodeo Princesses and proud to be representing this wonderful county. So thank you and hope to see you at the one hundred and first Grant County Fair and Rodeo.
